

SHIELA MAE PUTUNGAN, SO2

VIRTUAL ASSISTANT | CIVIL ENGINEERING STUDENT

09241100511 | putunganshielamae93@gmail.com | linkedin.com/in/shiela-mae-putungan-877042318/ | Laguna, Philippines

PROFESSIONAL PROFILE

Detail-oriented and dependable Virtual Assistant and Civil Engineering student with a strong foundation in administrative support, data entry, Microsoft Office, online research, digital organization, and technical documentation. Experienced in academic and project-related tasks that require accuracy, organization, time management, and close attention to detail. Proficient in Microsoft Word, Excel, PowerPoint, Teams, and Outlook, with additional familiarity in AutoCAD and SketchUp. Able to interpret technical drawings, schematics, and specifications. Eager to provide reliable remote support, maintain organized information, assist with day-to-day tasks, and help clients or teams remain productive.

CORE COMPETENCIES

Administrative Support

Organized approach to data entry, document preparation, digital organization, and routine administrative tasks.

Microsoft Office

Proficient in Word, Excel, Teams, Outlook, and PowerPoint, including skills strengthened through Advanced MS Excel training.

Technical & Engineering

Familiar with AutoCAD and SketchUp; able to interpret technical drawings, schematics, and specifications.

Data & Information Handling

Careful and detail-focused when working with information, academic materials, project requirements, and digital files.

Online Research

Able to gather, organize, and review information for academic and project-related requirements.

Professional Development

Completed seminars and training covering construction safety, Excel, professional branding, personal development, and other career-related topics.
